*"Your device is the number one PEMF device choice of The Masters Circle!" - Dr. Bob Hoffman, DC, CEO, The Masters Circle*

## Simple Workflow

1. On arrival, treat patient on A2500/Mat or Pouch by CA or CT in Waiting Room with customary medical precautions.
2. PEMF immediately energizes RBCs, begins reducing inflammation and pain, facilitates detoxification, and stimulates parasympathetic nervous system.
3. Perform Spinal adjustment more rapidly with less force applied to patient.
4. Continue other follow-up treatments, including localized PEMF as needed.

## Demonstrated Results

*"I can assure you the Pulsed Harmonix A2000 is one of the best values in therapeutic equipment I have ever used. I absolutely love the outcomes my patients are experiencing and the therapeutic hole that the A2000 filled in my practice." - Dr. Jeffrey Marrongelle, DC*

*I have recommended this machine to all the doctors we have trained in our functional medicine program and will continue to do so and to use it in our practice as well. Many thanks for allowing doctors to have access to such a technology for our patients. - Dr. Rob DeMartino, DC*
